A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

ARMENIAN PRIEST INDICTED.

Three more indictments against Father Levont Martoogessian, the Armenian who, it is alleged, sometimes laid aside his priestly robes to practice extortion and blackmail, were found by the grand jury in New York yesterday. The priest is now the central figure in the conspiracy which the district attorney seeks to prove had for its object the robbery of wealthy Armenians and led to the murder of the rug merchant Tavshanjian, in New York, and others who refused to be financially bled.

Of the three additional indictments against Martoogessian brought in by the grand jury yesterday two charge attempted robbery, as did the original indictment, and one alleges that the priest was responsible for at least one of the blackmailing letters which quickly followed the death of the rug merchant.

The letter was mailed in New York on the afternoon of July 22, the day that Tavshanjian was shot. It was written in red ink in the Armenian language and was signed by the symbol of the terrorists, three hands with daggers uplifted, posed above a red heart. The letter is as follows:

Gulabi Gulbenkian & Co.,
Brunswick Building, New York.

Death Warrant:

The executives of the Constantinople Armenian Revolutionary Terrorists' Organization condemn to death Haroutian Gulbenkian, Gulabi Gulbenkian and Patrick Gulbenkian, three brothers, who entirely have deaf ears to all appeals for national freedom. Our executive board, having given its decision to Haroutian and Gulabi Gulbenkian, in America, gives them 24 hours' time to decide between their duty and death.

CONSTANTINOPLE ARMENIAN REVOLUTIONARY TERRORISTS' ORGANIZATION.

The letter is dated "Constantinople, June 27, 1907." Following the letter is a postcript, also in red ink, which reads as follows:

"Although neither prison nor hanging can prevent us from fulfilling out duty to the end, it is necessary that you should know. If you betray this letter or cause harm to one hair in the heads of one of us—against that consider your whole family wiped out."

Late yesterday afternoon developed an important witness when Magderich Lustrian, a blacksmith, was examined by Assistant District Attorney Manley.

According to information later given out at the district attorney's office, the witness said that he had often attended meetings of the Hunchakist Society at which Martoogessian presided. Continuing, he is alleged to have stated that he knew of five different cases where men had been sent from this country to Europe at the instigation of a man named to murder persons. On two occasions, Lustrian said, he had been chosen to do murder, but managed in various ways to shift the responsibility.

Sometime ago he was told that he would have to kill Nikolat Milack, because at that time it was believed that Milack was a Turkish spy. According to Mr. Manley, the blacksmith made further startling admissions and furnished corroborative evidence of great importance against the prisoner, who is declared by other Armenians to have been the moving spirit in the blackmailing band.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by W. F. Creighton & Co., and Gibson and Timberman.

PROHIBITION IN GEORGIA.

Chaos reigns in the liquor traffic in Georgia since it is a foregone conclusion that the bill providing for absolute prohibition after January 1 will be signed by Governor Smith before the end of the week.

Dispatches from Savannah and other cities tell a story of financial loss that runs into many millions. Augusta will lose $2,500,000 in property values and license taxes. Columbus will lose heavily. Atlanta's loss will almost treble that of all other whisky-sellihg places in the State. Brunswick's loss will run above the million mark. Macon will suffer heavily in the loss of revenue from many saloon properties and one of the finest breweries in the South.

It was stated that the railroads have offered to transport breweries and stills to other States free of freight charges. Florida and Alabama are the States to which the whisky interests will move from Georgia.

In Atlanta there is a brewing company, representing probably an investment of $1,000,000, and in Savannah there is another worth $500,000. There are 263 saloons in Savannah; there are 125 in Atlanta. In the remainder of the State there are about 750. All must close out in about five months. This, it is asserted, means confiscation for the breweries.

Mayor Joyner, of Augusta, has announced that, while he had opposed the passage of the bill, he would now uphold the law. Gov. Smith, while not in favor of prohibition, preferring local option, will enforce the law.

The bill is the most drastic ever passed. By its terms the only intoxicating liquor that can be sold in the State is pure alchol, and this by drug stores, for medical and scientific purposes only; every sale must be recorded, so the chances for evading the law are very slim.

It is pointed out by the opponents of the measure that the most serious weakness of the measure lies in the fact that it does not and cannot forbid the shipment into Georgia of liquor from other States. This will mean, of course, a constant stream of intoxicating beverages from Jacksonville, Montgomery, Birmingham and other places. Liquor men are preparing to leave Augusta.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailmeat, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUGUST 1, 1907.

THE FIGHT between the Woodworkers' and the Carpenters' Unions in Chicago has reached the grave. They are now fighting over what constitutes a union coffin. The Union Burial Association not being satisfied with the product turned out by the only union casket makers in Chicago, has succeed in unionizing a coffin factory in Lens, Ill., and this product bears the label of the Carpenters' Union, while the article built in Chicago is stamped with the Woodworkers' mark of approval. "No self-respecting member of the woodworkers will ever consent to be buried in a box built by the carpenters," declared the secretary of woodworkers Tuesday night. "We will introduce a resolution at our next regular meeting adopting cremation as the final disposition of our bodies rather than let the carpenters put it over us in the matter of coffin construction." Somebody has observed that the trusts bleed humanity from the cradle to the grave. From the above it would seem that some labor unions also follow people out of the world. Should a tombstone trust be formed the work will have been completed.

REV. R. J. CAMPBELL, a curious change in whose theological views recently caused a sensation and offended a large part of his congregation, in London, seems now inclined to enter the field of politics in the socialist-labor interest. He was formally invited yesterday by the labor party to contest the next vacancy in the parliamentary representation of Cardiff. Addressing a political meeting just prior to this, Mr. Campbell declared his conviction that socialism is the practical expression of Christianity as he understood it. The land question, he said, was at the bottom of most of the social evils. He also strongly advocated secular education and turning the parson, whether of church or chapel, out of schools, "for," said he, "the physical well being of children is far more important than their religious instruction." The above are specimens of the utterances of men who appear in the garb of ministers of the gospel in these days.

IN THE elections just held in the Philippines the nacionalistas party won by a large majority. This party demands in their platform the immediate independence of the Philippines. This is a most natural desire of liberty-loving people, but it has made one of the administration papers in Washington so mad that it says: "The Filipino elections have been a great disappointment to the authorities, showing that the masses of the people are still as little fitted for self government as a lot of irresponsible children!"

MR. JOHN W. GATES, of New York, before sailing for Europe a few days ago, said the country's business had outgrown the money supply. Such talk as this started the populist and free silver parties. Does Mr. Gates want to precipitate these issues right in Wall street?

THE FIRST attempt to play baseball in Trenton, N. J., on Sunday resulted in the interference of the police and the arrest of all the players. Right; the desecration of the Sabbath is growing so common that drastic measures will have to be taken if the evil is ever stopped.

VIRGINIA LAWYERS.

The Virginia State Bar Association, in convention at the Jamestown Exposition, yesterday elected the following officers:

President, Wyndham R. Meredith, of Richmond; vice president, Don P. Halsey, of Lynchburg; Richard E. Byrd, of Winchester; Chas. E. Lassiter, of Petersburg; J. Norman Powell, of Bristol; Louis C. Phillips, of Newport News; secretary and treasurer, John B. Minor, of Richmond; members executive committee, J. B. T. Thornton, of Manassas, ann B. F. Buchanan, of Marion.

Speakers of the day were: Richard Evelyn Byrd, of Winchester, whose subject was "The Province of the Court in Jury Trials," and Senator Lewis H. Machen, of Alexandria, who spoke on "The Duty of the Courts to Diminish Divorce." The argument was advanced in discussing the latter subject that the present divorce laws of some States create trial marriages.

A communication was received from the State Bar Association of Alabama, asking the Virginia association to indorse an amendment to the federal constitution to the effect "that no judgment shall be set aside, nor new trial allowed in any case unless after investigation it be found that a mistrial has occurred." It was referred to the resolutions committee.

A dispatch from Hibbing, Minn., says that six hundred striking miners who started out early yesterday morning to sweep the entire Chisolm district and intimidate the men who were working, were driven back along the county roads into the hall from which they started by Deputy Sherift Magie and 10 other armed deputies, and after being given a fierce tongue lashing by Chief of Police Madden, were dispersed. Chief Madden told the strikers if there were any more attempts at intimidation there would be "bloodshed."

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 1.

In accordance with the provisions of the law under which the Jamestown Exposition Company was loaned $1,000,000 by the government, the Treasury Department will have to meet the question of defaulted payment unless the exposition company deposits $100,000 to the government's credit before the close of banking hours today. The law authorizes the Secretary of the Treasury to take charge of the exposition receipts in case of default in the first payment of $100,000, due August 1. Treasury officials believe that having received no word to the contrary, a certified check for the proper amount will be received not later than the first mail tomorrow.

In order to determine whether the boiler tubes of the gunboat Wilmington, which exploded at Nanking, China, Monday, were the product of the Shelby Steel Tube Company, of Pittsburg, some of whose employes are now being prosecuted by the United States government on the charge of supplying defective tubes to the navy, the Navy Department has called upon Rear Admiral Henry D. Dayton, commander-in-chief of the Pacific fleet, to foward a detailed report of the accident by cable. This action was taken today at the instance of the Department of Justice.

It is said here in administration circles that trouble is expected in the Philippines, as a result of the election of the new assembly. It is claimed by certain officials that "the failure of the conservative element to take a greater interest in the first election ever held in the islands" thus allowing corrupt, disloyal and treacherous leaders to be successful at the polls, will have a serious effect upon the ignorant followers of the latter. Sensible people entertain no such fear.

KILLED IN FEUD BATTLES.

A dispatch from Lexington, Ky., states that two men were killed and several others more or less seriously hurt in feud battles reported from the mountains yesterday.

During church service on Stinking creek, in Knox county, John Gambrel was shot and instantly killed by his cousin, "Dave" Gambrel, and Magistrate Bingham, one of the most prominent officials of Knox county, was shot and badly wounded by John Gambrel. John Gambrel drew a revolver during the service, when the house was crowded with worshippers.

Magistrate Bingham, being present, approached Gambrel to arrest him, when he was fired upon, receiving a wound in the thigh. Others became involved, and "Dave" Gambrel, cousin of John Gambrel, began shooting, a shot striking John Gambrel in the head. Panic ensued, and many were injured in attempting to get out of range of the bullets.

In Floyd county the Coburn and Fitzpatrick factions fought, resulting in the killing of John Fitzpatrick and fatally wounding Henry Fitzpatrick and one of the Coburns. About 50 shots were fired.

Fitzpatrick has since been barricaded in his home in the mountains.

SNAKE IN BEER KEG.

A copperhead snake which had crawled into a beer keg and died caused the death of "Red" Popham, Samuel Biggs, Will Simpson, and Carey Turner in an outing camp at Welch, fifteen miles from Ashland, Ky., in the mountains, and probably will end the lives of Samuel Willis and Walter Johnson. Ralph Dunbar went to Ashland last night and returned to the camp with a doctor, and undertaker, and four coffins. He told this story: "With seven other men I went to Welch this afternoon intending to remain one week. We took several kegs of beer. The journey over the mountains is rough and I assume the beer accumulated an extra amount of gas. One keg was partly submerged in a spring and the bung flew out. All who drank the beer became ill and four quickly expired. An investigation revealed a big copperhead snake in the keg. I left Joe Strang with the dead and the dying and boarded a tram car and hurried down the mountain side to Ashland."

Suicide Pact.

Louisville, Ky., Aug. 1.—Because O'Connell and Annabelle Western, girls of 14, loved Clarence Cast, of the same age, and each had reached the conclusion that life would be unbearable without his affection, they entered into a suicide pact. Bessie agreed to buy the poison. She registered her name in the poison ledger as "Laura Jones," representing to the druggist that her mother wanted to kill insects. Hand in hand the girls walked in an alley behind a fire engine house and swallowed the mixture. Firemen heard moans and the children were hurried to the office of a physician. The O'Connell girl probably will die. The other girl told the story of the agreement.

He said he believed Miss Mathews killed herself because of unrequited love on the part of C. A. The coroner's inquest rendered a verdict that Miss Mathews committed suicide.

There were 589 patients, all more or less violent, confined in cell-like wards in the pavilion. These patients were made frantic by the glare of the flames shining through their barred windows. All the attendants, re-enforced by the firemen and county detectives, entered the building, and for awhile it appeared doubtful whether the crazed men and women would be got from the building. However, the patients responded to the efforts of the authorities and all were taken to places of safety.

FINLEY EXPECTS TO WIN.

Confident the Supreme Court of the United States will sustain the contentions of the Southern Railway in its legal battle with the State of North Carolina, W. W. Finley, president of the railroad company, has returned from Asheville, where he directed the fight until forced to compromise to prevent a dangerous clash between the federal and State courts.

"If ours is to be a government of law and not of men, then surely no litigant should be deprived of a fair opportunity of going into the courts to protect his rights," Mr. Finley said. "The Southern Railway is bound to protect its property, not only in the interests of its owners and creditors, but also in the interest of the whole public. It has a right, and it has its duty, to appeal to the law for its protection. It is not in the right or interest of the people of North Carolina that the ability of transportation companies to perform the public service be injured.

"We have no reason to doubt the jurisdiction of the United States Court nor our clear right to invoke it, nor have we any doubt as to the validity, justice or fairness of the interlocutory order, the protection of which we have partially surrendered.

"We must continue to live in North Carolina and must endeavor to demean ourselves as standing for law and order and even sometimes suffer injustice rather than to permit the quiet and peace of the community to be disturbed on our account.

ECHO OF THE TRAGEDY.

Reports from Nelson county are to the effect that the recent Loving-Estes tragedy at Lovingston, in which ex-Judge William G. Loving shot and killed Theodore Estes because of alleged misconduct in regard to his young daughter, Elizabeth, has split the county in twain politically.

The interest in the political situation was high on Monday, when the democratic executive committee of the county met to adopt rules for the primary election to be held in August and select the judges for that contest. The interest centers especially in the fight for the State Senate, in which contest the recent tragedy is figuring conspicuously.

The Loving side is supporting Aubrey E. Strode, the incumbent, who was one of the counsel for Judge Loving in the trial at Houston, while the Estes side is actively supporting his opponent, Allan.

The feeling over the killing of young Estes is stronger and more bitter in the county now than two months ago, the acquittal of the former jurist having made the feeling more intense. The Estes side is largely in the majority, and is to a man for Allan. This would seem to make the re-election of Senator Strode improbable.

About $500 has been subscribed to the Theodore Estes monument, in which Mrs. B. T. Gordon, wife of the circuit judge; Misses Laura Dawson and Maggie Massie, and other women are actively interested.

Massacre Thereatened.

Tangier, Morocco, Aug 1.—The outbreak of a war with the massacre of all Europeans in Morocco is threatened. At Casablanca, where the murder of foreigners has already begun. British and German steamships are taking off refugees. The arrival of the French cruiser Galilee is expected here today. Twenty thousand Mussulmans are encamped about Calablanca, and an attack on the town is likely at any moment.

Trouble began Tuesday with the arrival of the chiefs of the Chaouia with a demand on the Bashaw for the immediate suspension of harbor work. The Pashaw's reply was that operations were being carried on with the Sultan's consent. The chiefs answered that the Sultan's authority was no longer recognized in view of his compliance with the Christians' orders.

An invasion of the city by the tribesmen followed yesterday. The harbor and railway works were attacked and two guardians of the port, six French residents, three Spaniards and one Italian were killed in the fighting. Numerous shops under dwelling houses were pillaged while mounted men drove through the streets preaching a holy war and commanding all Mussulmans to leave town, as the tribes were about to exterminate all Jews and Christians.

When the French consul called on the Bashaw and demanded the assistance of native soldiers to suppress the disorders and recover the bodies of the dead Europeans, the official evaded his request, but eventually furnished an escort for the recovery of the bodies. The Frenchmen were unable to restrain their anger when they saw the corpses, and after their expressions of resentment the Moorish soldiers threatened to fire on them, forcing them to flee to the harbor and take refuge on the ships after a narrow escape from the pursuing crowd.

While the French forces in Morocco are sufficient to prevent a general massacre throughout the country, grave fear is felt for Europeans in remote localities.

Tangier, Morocco, Aug., 1.—The French Cruiser Galilee has arrived at Casablanca to protect Europeans who are in danger from the uprising of natives and threatened holy war to drive out all foreigners. Notice has been served on the Bashaw that he must protect Europeans under penalty of losing his own head.

With the arrival of the cruiser the situation at Casablanca is somewhat improved. It is believed she can protect all Europeans there. With 20,000 mussulmans encamped about the town and agitators preaching the holy war throughout the country the general situation, however, is critical. It is feared a great display of force can prevent the threatened holy war and a general attack on all Europeans in Morrocco.

Details arriving today show that atrocities were perpetrated by the natives who invaded Casablanca yesterday and murdered 12 Europeans. Two of the victims were burned alive. Others were stabbed and stoned.

These helpless victims, dying from the injuries inflicted, were tortured by children who amused themselves by gouging out the eyes of the sufferers and driving splinters under their finger and toe nails or into their flesh.

While these outrages were being perpetrated, the Bashaw's soldiers stood about without raising a hand to save the victims.

Despite the arrival of the Galilee, foreigners are in a state of terror. Today scores boarded British and German steamships in the harbor.

A new danger is threatening Europeans in Casablanca, according to information arriving this afternoon, as the Moors are refusing to allow them to take refuge in ships in ports. It is stated that thousands of natives surrounding the town are indulging in demonstrations as if preparing for an attack.

Toulon, France, August 1.—The cruisers Conde and Du Chalaya have been ordered to sail this afternoon for Morocco to assist in putting down the rebellious tribesmen at Casablanca.

Britt Victorious.

San Francisco, Aug. 1.—In one of the fiercest prize fights in the history of the ring Battling Nelson staggered and left the ring last night beaten by the same man he had knocked out over a year ago.

Jimmy Britt, the clever Californian, proved himself Nelson's master throughout the contest. He outfought, outboxed, and out generaled the Dane, and only the bell in the last round saved Nelson from the count.

It was Britt all the way after the first few rounds and only the Dane's ruggedness prevented him from being knocked out early in the contest.

Today steps are being taken to clinch a match between Joe Gans and Britt.

Britt started hostilities in the first round by sending Nelson to the ropes with a terrific right to the jaw. Nelson then began to force the pace and had Britt breaking ground in the next few rounds. The Californian, however, displayed his cleverness and blocked some of Nelson's vicious swings. After the eighth round Britt took a strong lead. He was as cool as an iceberg. He caught the Dane on the chin time and again and had him covering many times. Britt also played havoc with Nelson's face, closing the right eye and flattening his nose. After the tenth round Nelson seemed to figure on getting close enough to land a right-hand knockout, but Britt baffled him at every point. From the twelfth round onward Britt fairly smothered his man with right and left smashes and Nelson tottered around the ring like a beaten man. He hung to Britt and at times butted the Californian for which he was warned by the referee. Britt appeared to gain strength as the fight progressed, and his terrific smashes had Nelson in distress in the latter stages of the fight. In the final round Britt drove Nelson to the ropes with several hard swings. Nelson tottered about hopelessly. Britt went at his man like a maniac and almost sent Nelson through the ropes with a right flush to the jaw. The gong saved Nelson from being knocked out.

Killed by a Train.

Georgetown, Ky., Aug. 1.—"Tallow Dick" Combs made notorious by the Goebel assassination, while crossing a high trestle, was run down and killed by a train last night. Combs was indicted with Youtsey, Powers, Whittaker and Davis and lay for many months in jail here accused of assassinating Goebel. The case against him was dismissed. He testified later in the Youtsey case and in the last trial of Powers. He also had been identified with the French-Eversole feud of Berry county being on the French side.

Mysterious Death.

Philadelphia, Pa., Aug. 1.—President Edmund R. Watson, of the Northern National Bank, of this city, was instantly killed while swimming in the pool of the Columbia Club, one of the city's promient social organizations, today.

According to one story of the tragedy, after spending several hours at the club Watson decided to take a swim. With several friends he entered the pool at two o'clock this morning and finally decided to take a plunge from the diving board. Watson mounted the platform and poised himself for the dive when his foot slipped and he fell with great force against the concrete of the tank. His friends rushed to his assistance and immediately summoned a physician, who on arrival pronounced the bank president dead.

The superintendent of the club refused positively to give out any particulars of the affair at police headquarters. It was reported that there was a rumor that Watson had committed suicide.

Another version is that the bank president entered the pool shortly after midnight unaccompanied and that two hours later his body was found in the pool by the engineer.

Disarming Koreans.

Seoul, Korea, Aug. 1.—Japanese troops are disarming the Korean army today. The islanders hesitated some time before deciding to deprive the native soldiers of their arms, fearing that action would participate a crisis. Last week's mutiny brought a crisis, however.

The disarmament was preceded by an imperial proclamation disbanding the army of 7,000 men and the surrounding of the barracks by a strong force of Japanese troops. Machine guns command the entrance to the barracks and every precaution had been taken to nip disorders in the bud. Street crowds are being promptly scattered.

The proclamation grants the disbanded soldiers one year's pay. The Emperor's personal body guard will be kept in service.

Washington, Aug. 1.—The disarmament of the Korean army by the Japanese has provoked hostilities. In the fighting that followed, today, forty Koreans were killed or wounded. The casualties among the Japanese were slight. This information comes to the State Department from United States Consul Samoons, at Seoul.

Interchange of Telegrams.

New York, Aug. 1.—"Sassy" telegrams are passing between W. A. Barber of New York, President of the Carolina and northwestern railroad, and Governor Glenn of North Carolina. President Barber yielded with a bad grace to Governor Glenn's demands that the road immediately put into effect the State's new 2 1-4 cent passenger rate. "Forced by threat of indictments of our employes and wholly in the interest of an orderly settlement," he telegraphed to the Governor, "We will apply to the United States Court for modification of the injunction and put the 2 1-4 cent rate into effect August 8". He has received the answer from Governor Glenn: 'You are mistaken. I am simply compelling you to obey the law and if you or your agents violate it, will indict you. Take such course as to you seems best and I will govern myself accordingly."

Injured Miner Turns Out to be a Woman

Washington, Pa., August 1.—Masquerading as a man and working side by side with her husband in various Washington county coal mines, "Joe" Povle was today discovered to be Mrs. Susie Povle when she was taken to a hospital suffering from injuries sustained in a mine accident at Cecil, this county. According to her husband, Steve Povle, she had been working with him for three years. Her coarse voice and close cropped hair deceived all as to her sex, while her strength equaled that of any of her sturdy male Slav companions.

Mrs. Povle's injuries were not very serious, and her husband was arrested this afternoon and lodged in the county jail charged with violating the law in employing female help in a mine. Susie acted as Povle's helper, and was paid by him.

His wife and two-year-old child also had narrow escapes, but only one charge was made against him. Miss Zophry says she went to bed in a room adjoining that occupied by Mrs. Pasco and the baby. She asserts all the windows were open, but that when she awoke an hour later they were closed. She was affected by gas, which poured from several open jets, crawled to a window and says she saw Pasco standing in the shadows across the street. At her cry Policeman McNara came to the rescue and arrested Pasco. The lives of Mrs. Pasco, Miss Zophry and the baby were all insured.

Charged with Theft of Whisky.

[Special dispatch to the Alexandria Gazette.]

Richmond, Va., Aug. 1.—A Bristol special says that James W. Ayers, 27 years old, son of former Attorney General Rufus Ayers, the latter one of the wealthiest and best known men in Virginia, is under arrest at Big Stone Gap on the charge of breaking into the office of the Southern Express Company at that place and stealing whisky. The arrest was made yesterday, and created a sensation. The alleged robbery occurred Sunday, and express officials have officers at Big Stone Gap working on the case. Shortly after the arrest it became known that General Ayers would make a plea of insanity and ask for a commission of lunacy. This was corroborated by the arrival of Dr. A. S. Priddy, superintendent of the Southwestern Hospital for the Insane at Marion, who reached Big Stone Gap this morning, at the request of the father of the incarcerated man. Friends of Ayers say he had been drinking heavily for several weeks. Sunday he is said to have made unsuccessful efforts to get whisky, and failing in this he is charged with having robbed the express company's office.

Rioters Killed.

Lodz, Poland, Aug. 1.—Thirty lives lost and a score of persons seriously injured through fighting between troops and mobs is the record so far of the latest attempt to inaugurate a general labor war in Lodz. Apparently this is only the beginning, and the city seems to be on the verge of further disorder, violence and bloodshed such as marked other attempts to make general strike effective. Additional troops are being hurried to the city, but it is feared they will arrive too late to prevent serious clashes.

Today business is at a standstill. The principal leaders of the socialists have been arrested, but this only enraged the strikers more. Some cars were burned in the streets. The Cossacks and dragoons were hardly able to cope with their angry antagonists. The trouble started yesterday when 132,000 workmen were called out.

He headed the party which the former emperor sent to The Hague to ask the powers' aid to stop Japanese oppression of Korea. "If I am found dead in New York," he said before landing from the Majestic, "it will be the duty of the police to arrest the first Japanese found near the body. I momentarily expect to die. In fact, I am already virtually a dead man. Nothing can save me. The edict has gone forth to slay me as soon as possible. I think my time has come."

It is understood Littleton is to be given full charge of the case and will broke no interference from any one. It is hinted his retaining fee is $25,000.

Littleton's acceptance of full control of the defense is believed to mean that in the next hearing there will be no "dementia Americana" defense, but a straight insanity plea.

Youth Killed.

New York, Aug. 1.—In the presence of a large crowd hurrying to work an unidentified eighteen-year-old boy was killed today by a Broadway car at Franklin street. Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 4:59 a. m. and sets at 7:11 p. m. High water at 2:21 a. m. and 2:49 p. m.

Weather Probabilities.

For this section partly cloudy tonight and Friday; possibly a shower Friday afternoon; light to fresh southerly winds, becoming westerly.

ACCIDENTS ON THE SOUTHERN.

The head-on collision shortly before 9 o'clock yesterday morning near Evington depot, on the Southern Railway, in Campbell county, about 15 miles south of Lynchburg, resulted in the injury of 25 persons. A southbound freight train which should have gone on to a side track was too slow in doing so, and No. 10, a northbound local passenger train, came along and ran into it.

Neither engine left the track, although the tender of the freight was almost driven through a carload of coal back of it; almost every passenger on the train was thrown from his seat, many of the latter being torn loose, and the escapes of some were miraculous. All were able to continue on the journey except Freight Conductor T. H. Marshall, of Charlottesville, who was carried to the hospital there. He was internally injured and may die.

Among the others injured were Conductor Dameron, of the passenger train, of Alexandria, injured about the legs. Flagman C. E. Wilkinson, of Alexandria, cut in mouth and lower face, Chas. D. Semmes, of this city, baggagemaster, slightly hurt, and Engineer H. B. Major, of Spencer, N. C., who was in charge of the freight, both legs badly cut and bruised and cut about the face.

Conductor Walter Hess, in the employ of the Southern Railway, at Salisbury, N. C., was severely injured yesterday afternoon by falling under a moving train, and narrowly escaped instant death. His back was hurt by the fall and one hand was crushed by the wheels. He saved his life by main strength.

Frank Trott, of Salisbury, was badly hurt in a wreck near Marion on the Asheville division of the Southern Railway yesterday.

A wrecking train left the depot in this city at 5 o'clock this morning for the purpose of placing a car on the track which had been derailed at Manassas.

GOT AWAY WITH THE TIES.

During the past week or ten days the barge Norfolk has been loading ties at a wharf between King and Prince streets, and having taken on a full cargo the ocean-going tugboat Margaret arrived at this port from Baltimore Tuesday afternoon for the purpose of towing the barge to New York. Yesterday morning, however, several attachments were made on the cargo, and the barge was not allowed to leave. All the attachments save two were satisfied during the day, and Joseph Mitchell, colored, of this city, was placed aboard the barge as a watchman with orders to keep on the alert and prevent the barge from leaving until all claims had been settled. About two o'clock this morning, according to Mitchell's statement, he was overpowered by the crew of the barge and driven ashore, and the tugboat, which had gotten on steam during the night, pulled the barge into the stream and started down the river. Mitchell says he made four unsuccessful attempts to get in communication with the station house. City Sergeant Cox this morning swore out a warrant against the captain of the barge and telegraphed to the sheriff of Princess Anne county to intercept the boat at Cape Henry. It is alleged that the owners of the pier where the barge took on the ties have a bill against the captain for wharfage.

PIANO TUNER FINED.

Several weeks ago an individual who gave his name as Fritz Katzengamer and who said he was a piano-tuner, appeared in this city. His habits have not commended him to the confidence of most people he has met, and on one occasion a resident of north Fairfax street complained at the station house that his business relations with the man were not satisfactory. Yesterday Katzengamer entered a saloon in the western section of the city and ordered a bottle of beer. After drinking the beverage he acknowleged he was unable to pay for the same. Officer Beach arrested the delinquent and he was fined $5 in the Police Court this morning.

NEGRO LOAFERS.

People who pass between Alexandria and Washington on the electric railway after dark have their attention drawn to the fact that the electric light is extinguished at Spring Park station, upper King street, and that negroes lurk in the shadow of the culvert or that of the station house at that place. It is hard to understand what business calls them there at night, and it is suggested that the Alexandria police, who have jurisdiction, see into the matter, as ladies often leave the cars at Spring Park and they are naturally apprehensive.

HOME FOR SENATOR MARTIN.

One of the finest residences in Virginia is planned by United States Senator Martin. It will be erected at Charlottesville, his present home, at a cost of about $50,000. Wood, Donn & Deming, of this city, are the architects. The house will be constructed in the colonial style, in red brick. It will have stained glass windows. The large wooden porch in front will have Doric columns. A portion of the old residence of the Senator, which he has occupied several years, will be utilized in the new structure.—[Charlottesville Progress.

The State Corporation Commission has granted a charter to the Columbia Granite and Dredging Corporation, Alexandria. Incorporators—George W. Dalzell, president; C. E. Hagner, jr., vice president; F. A. Colford, secretary and treasurer, all of Washington, D. C. Capital stock—Maximum, $300,000; minimum, $25,000. Objects and purposes: Granite and dredging business.

WEDDINGS.

A very pretty marriage was solemnized at the home of Capt. T. E. Gorham, on upper Duke street, last night, when his daughter, Miss Hallie Roberta, was wedded to Mr. James E. McGowan, son of Mr. Terence McGowan, Rev. Father Kelly, of St. Mary's Church, officiating. The spacious parlor, in which the ceremony was performed, was beautifully and tastefully oramented with cut flowers, ferns and palms. After the ceremony a reception was held for the relatives and immediate friends of the contracting parties. Mr. and Mrs. McGowan will reside at No. 1215 Prince street.

Miss Mildred L. O'Meara and Mr. Arthur H. Mitchell were married last night at 8 o'clock at the parsonage of Grace Church, Rev. Edgar Carpenter, rector, officiating. Only the relatives of the contracting parties were present. After the ceremony Mr. and Mrs. Mitchell left on a trip to Atlantic City.

The clerk of the City School Board today completed his annual report of the receipts and expenditures of the board for the year ending July 31. The report shows: Receipts — Balance on hand August 1, 1906, $68 39; amount received from State funds, $8,838.95; amount received from city, $12,800; total, $21,707.34. SENT TO THE WORKHOUSE.

Chief Goods and Officer Nicholson early last night arrested Laura Richards and Mary Dawson, two girls still in their teens, for trespassing upon certain wharf property. They were sentenced to twenty days in the workhouse by Justice Caton this morning. According to the evidence, these girls lounge around the river front and render themselves conspicuous to excursionists and men employed on vessels lying at wharves. They are often accompanied by younger girls who, it is said, are apparently following the footsteps of their older companions.

CIVIL SERVICE EXAMINATIONS.

A civil service examination will be held in this city on October 8 for clerks and various positions in the government printing office (not for printers). An examination will also be held on September 11 for acting assistant surgeon and various positions in the Philippines; also on October 16 to fill various positions in the patent office, Panama canal service, Indian service, public health service, etc. A special examination will be held in Washington on August 7 for stenographers and typewriters.

A WATER HAUL.

John Henry, colored, alias John Parnell, who ran away from the jail Tuesday and was recaptured, yesterday led three policemen to a swamp a short distance west of this city to show them where he alleged certain stolen property was located. Nothing having been found, Henry acknowledged that he had played a trick on the officers. The officers were searching for a set of harness, which was recently stolen from a resident of Fairfax. Henry is suspected of being connected with the theft.

THROWN OUT.

An Alexandrian who has recently been living in Richmond returned to this city a day or two ago and has since been drinking quite freely. Today he went into a Royal street saloon and became very abusive to several of his acquaintances. He finally overstepped the mark and one of his quandom friends seized and threw him bodily into the street. This subdued him.

NEW COMET.

Mr. Justice Stahn, secretary of the astronomical section of the Maryland Academy of Sciences, has received a telegram from Professor Pickering, of the Harvard Observatory, stating that the new comet discovered by Professor Daniel, of Princeton University, in June of last year is gradually approaching the sun and earth, and is now visible to the naked eye.

It has a bright stellar nucleus, much coma, and, according to Professor Pickering's telegram, has a multiple tail instead of the single short tail mentioned in other reports. The comet can be seen between 3 and 3:30 a. m. by looking east at about 45° above the horizon. It is in Pleiades, a star cluster in Taurus the Bull, and in a straight line underneath it is the bright star Aldebaran and the Hyades, another star cluster.

September 3 the comet will be nearest the sun, the distance being 46,000,000 miles. It is now 85,000,000 miles from the sun and 7,000,000 miles from the earth—the nearest it will come to this globe.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Dirrahoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Lerdbeater & Son's drug store.

The union waitresses of Chicago have conceived a novel scheme with a view of enlarging their organization. They have decided to promise every non-union waitress who will join the union, the best funeral $50 can provide, with plush casket, silver plated trimmings, flowers and two carriages, or a course of instructions in democratic science and as an additional inducement the union girls will promise to get each single recruit a husband.
